Re: United States v. Robert L. Moultrie, et. al

Dear Jimmy and Chad:

We write this letter on behalf of Robert L. Moultrie, Nixon E. Cawood, Charles K. Morehead, Facility Holding Corp. d/b/a The Facility Group, and the other entities named as Defendants in the above-captioned case (collectively referred to as "the Defendants"). While we recognize that you are still in the process of providing document discovery, we write to set forth our detailed discovery requests and our attempt to resolve matters without filing motions requiring the Court's involvement.

In order to permit the Defendants to file appropriate motions with the Court, we request that you notify us in writing specifically and promptly of any material that you do not intend to make available, so that our motions can address any disagreements and permit the Court to rule on them.

We request that the Government provide specific written responses to each request below so there will be no misunderstandings about any disagreements which the Court will need to decide.

To adequately prepare for trial, we ask that the Government furnish the following discovery material pursuant to Rule 16 of the Federal Rules of Criminal Procedure;

Brady v. Maryland, 373 U.S. 83 (1963) and its progeny, including Giglio v. United States, 405 U.S. 150 (1972), United States v. Agurs, 427 U.S. 97 (1976), United States v. Bagley, 473 U.S. 667 (1985), Kyles v. Whitley, 514 U.S. 419 (1995), Morrow v. Dretke, 367 F.3d 309 (5th Cir. 2004), the Jencks Act; the Fifth and Sixth Amendments to the United States Constitution; and applicable rules of prosecutorial ethics and Justice Department regulations.

If any of the requested materials are in the voluminous discovery that the Government is in the process of producing, please specifically identify where they can be found.

### **Discovery Requests**

The Defendants are requesting the following documents, materials and evidence in the "possession, custody, or control" of the Government. The terms "control" and "Government" include all materials and evidence in the possession, custody *or* control of not only the Grand Jury and the U.S. Attorney's Office for the Northern District of Mississippi, *but also* in the possession, custody *or* control of the Federal Bureau of Investigation, The Mississippi Beef Processors Joint Investigative Task Force or the Mississippi State Auditor's Office (hereinafter "State Auditor's Office"). According to the U. S. Department of Justice press release issued by the U. S. Attorney for the Northern District of Mississippi dated March 25, 2008, "this investigation first began with the formation of the The Mississippi Beef Processors Joint Investigative Task Force" and the Indictment "is the result of ... investigation by agents of the FBI and the State Auditor's Office." Thus, the Defendants are requesting documents, materials and evidence in the possession, custody or control of the U.S. Attorney's Office, the Grand Jury, the F.B.I., the State Auditor's Office and the Mississippi Beef Processors Joint Investigative Task Force, all of which collectively investigated this matter as a prosecutive team. U.S. v. Pascual, 606 F.2d 561 (5th Cir. 1979); United States v. Scruggs, 583 F.2d 238 (5th Cir. 1978), *reh'g denied*, 588 F.2d 829.

1. Any written or recorded statement, proffer, testimony, interview, confession, or admission or the substance of any oral statements relating, directly or indirectly, to the charges in this case made by, attributable to, or arguably admissible against any of the Defendants to the Grand Jury, investigating officers, agents, auditors or to third parties. This request includes, without limitation:

a. Any relevant written or recorded statements made by, or attributable to, any of the Defendants, or copies thereof, within the possession, custody or control of any federal, state, county or municipal agent, investigator, auditor or attorney (hereinafter "Government agent"), the existence of which is known, or by the exercise of due diligence may become known to a Government agent;

b. any statement or admission by, or attributable to, any of the Defendants which may have been incorporated in any report, memorandum, transcript, or other document or recording prepared by a Government agent, or by any person working in conjunction with such agents;

c. that portion of any written record containing the substance of any relevant oral statement made by, or attributable to, any of the Defendants whether before or after arrest in response to interrogation by any person then known by that Defendant to be a Government agent;

d. the substance of any other relevant oral statement made by, or attributable to, any of the Defendants whether before or after arrest in response to interrogation by any person then known by that Defendant to be a Government agent;

e. any reports, audits, documents, memoranda or any other tangible recording or memorialization, e.g. FBI form 302, of any and all proffer interviews of Nixon E. Cawood, Charles K. Morehead or any other person who may be called as a witness by the Government in its case-in-chief at trial;

f. any written or recorded statement, or the substance of any oral statement, made by any employee of any of the Defendants. *See* Rule 16(a)(1)(c). This request is not limited to statements made to the Grand Jury, but also to statements, oral, written or recorded, made by any employee, current or former, of any of the Defendants to any Government agent, and

g. any testimony or written admission to be offered against any Defendant under Rule 1007 of the Federal Rules of Evidence.

2. Any written or recorded statement, or the substance of any oral statement, made by anyone, including any co-Defendant, that inculpatates any of the other Defendants, the use at trial of which would raise issues under Crawford v. Washington, 541 U.S. 36 (2004), or Bruton v. United States, 391 U.S. 123 (1968). In addition, please identify specifically the testimonial statements of any of the Defendants you intend to utilize in your case in chief so that we can timely move for any relief to which the Defendants may be entitled pursuant to, among other provisions, Rule 8 of the Federal Rules of Criminal Procedure.

3. A copy of any prior criminal record of any of the Defendants. Fed. R. Crim. P. 16(a)(1)(D).

4. All books, papers, documents, photographs, videotape recordings, audiotape recordings, microfilm, microfiche, computer data storage systems or tangible objects, or copies or portions thereof (hereinafter referred to in this letter as "documents"), that were obtained by or obtained from or belong to any of the Defendants. This request includes any documents obtained from or which were the property of any employee or agent of, or professional consultant to any of the Defendants, in either his personal or business capacity. Fed. R. Crim. P. 16(a)(1)(E)(iii). This request includes, but is not limited to, documents previously produced in response to Grand Jury subpoenas or voluntarily produced to the Government or to the Mississippi State Auditor's Office.

5. All documents, or copies or portions thereof, which are within the possession, custody or control of the Government, which are material to the preparation of the

defense. Fed. R. Crim. P. 16(a)(1)(E)(i). This request includes, but is not limited to, all documents produced to the Government, whether or not pursuant to a Grand Jury subpoena. The request also includes, but is not limited to, all documents the Government believes support the allegations in the Indictment and all documents concerning the transactions referenced in the Indictment. The term "material to the defense" specifically includes, but is not limited to, any evidence which suggests, establishes, implies or tends to prove any the following:

- a. There was no quid pro quo between "the public official" [alleged in ¶ 2 of Count 1 of the Indictment] and any Defendant;
- b. There was no agreement by "the public official" [alleged in ¶ 2 of Count 1 of the Indictment] "in connection with the State of Mississippi's selection of TFG to manage the completion of the design and construction of Mississippi Beef Processors, LLC beef processing plant located in Yalobusha County, Mississippi," as alleged in ¶ 2 of Count 1 of the Indictment;
- c. No campaign contribution was given to "the public official" [alleged in ¶ 2 of Count 1 of the Indictment] to cause or bring about "the State of Mississippi's selection of TFG to manage the completion of the design and construction of Mississippi Beef Processors, LLC beef processing plant located in Yalobusha County, Mississippi," as alleged in ¶ 2 of Count 1 of the Indictment;
- d. Facility Construction Management Inc. was selected to manage the completion of the design and construction of the Mississippi Beef Processing plant because it was the best qualified company for the project;
- e. The decision to select "TFG to manage the completion of the design and construction of Mississippi Beef Processors, LLC beef processing plant located in Yalobusha County, Mississippi," [as alleged in ¶ 2 of Count 1 of the Indictment], occurred on or before the end of March 2003;
- f. Facility Construction Management, Inc. did not bill "approximately \$2,000,000 for 'Services Compensation' in excess of THE FACILITY GROUP'S actual costs," [as alleged in ¶ 19 of Count 2 of the Indictment];
- g. In ¶ 3.1.2 of the Project Management Agreement, Facility Construction Management Inc. was not limited to billing for costs "at cost," [as alleged in ¶ 12 of Count 1 of the Indictment];
- h. In ¶ 3.1.2 of the Project Management Agreement, Facility Construction Management Inc.'s "Services Compensation" "shall include compensation for all" of each the following nine separate categories of expenses: (1) "labor," (2) "salaries," (3) "indirect labor costs," (4) "social burdens," (5) "materials," (6) "equipment," (7) "temporary facilities," (8) "insurance," and (9) "general conditions costs";

- i. In ¶ 3.1.2 of the Project Management Agreement, Facility Construction Management Inc.'s "Services Compensation" included all (1) "labor," (2) "salaries," (3) "indirect labor costs," (4) "social burdens," (5) "materials," (6) "equipment," (7) "temporary facilities," (8) "insurance," and (9) "general conditions costs" "attributable to performance of the Services," not just "directly incurred in ... performance of the Services";
- j. There is no definition, term or provision in the Project Management Agreement which defines or governs what is meant by or how to determine or calculate "insurance," "indirect labor costs," "general conditions costs" or "social burdens" as those terms are used in ¶ 3.1.2 of the Project Management Agreement;
- k. The methods used by Facility Construction Management Inc. to determine, allocate or calculate "insurance," "indirect labor costs," "general conditions costs" or "social burdens" as those terms are used in ¶ 3.1.2 of the Project Management Agreement are reasonable methods within the industry;
- l. According to the 'Services Compensation' provision in ¶ 3.1.2 of the Project Management Agreement, Facility Construction Management Inc. would receive compensation for services with a minimum of \$2,500,000.00, but up to, although not to exceed, \$3,021,418.00;
- m. The use of a "multiplier" in determining, assessing, or allocating cost in relation to a construction or design-build project is a routine, acceptable, or permissible practice within the construction industry.
- n. The use of a percentage of the contract price is a routine, acceptable, or permissible practice or method of allocating insurance costs within the construction industry.
- o. The use of a "utilization rate" or some other measurement of the level of employee usage is a routine, acceptable, or permissible practice or method of determining or allocating costs within the construction industry.
- p. All tape recording or dictation notes of the Mississippi Land, Water and Timber Resources Board meetings regarding the Mississippi Beef Processors project or Richard Hall, or The Facility Group for February 2003 through June 2003.
- q. Any oral or written summaries of Leland Speed and/or Terry Hudson requesting Nixon E. Cawood to help sell the Mississippi Beef Processors plant.
- r. Any notes or summaries of Nixon E. Cawood's meetings with representatives of the State Auditors Office prior to the State Auditors Office's report regarding the plant.
- s. Any documentation or notes or summaries of oral or written communication regarding the submissions of the final invoice by the Mississippi Development Authority to the Mississippi Land, Water and Timber Resources Board on behalf

of The Facility Group including but not limited to communications regarding the discount credit offered by The Facility Group.

- t. Any notes or summaries of interviews by government officials prior to the plant startups, that reflected that Richard Hall had the ability to profitably run the plant.
- u. Any notes or reports from Terry Hudson (Mississippi Development Authority), William Mendelhall, or the State Auditors Office officials relating to the visit to TGF Office to discuss Change Order No. 1 and Change Order No. 2 and project costing after plant closed.
- v. Any accompanying verifications made by Chance Carter or Dusty Hinton that accompanied The Facility Group invoices to the Community Bank each month.
- w. Any notes, summaries, documents or memos The Facility Group meeting with Lt. Governor, Amy Tuck.
- x. Sean Carothers' knowledge or intent relating to Memorandum of Understanding text about the increased fees between the two (2) Sean Carothers' contracts.
- y. Any training manuals or step up plans prepared by Richard Hall or the Mississippi Development Authority or Community Bank that showed his prior proper planning for start up.
- z. Any reports received by Mississippi Development Authority or Community Bank on the design and construction of the plant that were advantageous to the marketability of the plant.
- aa. Written or oral response from Aiso Eglen's bonding company relating to its release from the performance guarantee portion of P&P Bond.
- bb. Notes or summaries of Lester Spell interviews relating to The Facility Group and his support of Richard Hall and Sean Carothers.
- cc. Notes reflecting Wyman Jones' views regarding funding Change Order No. 1 and Change Order No. 2.
- dd. Notes, summaries or documents relating to Sean Carothers' estimates for the whole project, including his fees, insurance and soft cost itemization, including but not limited to his takeover proposal which he would not guarantee.
- ee. Documents relating to Sean Carothers' change order requests for time extensions and justifications for same.
- ff. All notes, documents, or memos relating to Mississippi Development Authority or Community Bank supporting the sale of the plant, including but not limited to, build drawings, questions on the real need for rendering plane, and waste treatment capacity issues.

gg. All notes, documents, correspondence or memos of Richard Hall relating to his requests for line of credit financing from GE Capitol.

6. All documents, or copies or portions thereof, which are within the possession, custody or control of the Government that the Government intends to use at trial in its case-in-chief. Fed. R. Crim. P. 16(a)(1)(E)(ii). Given the volume of documents in this case, we request that you specifically identify from among the documents produced pursuant to our Rule 16 requests the documents in this category, both to enable counsel to prepare for trial effectively and to afford us an opportunity to file appropriate motions, and to prevent any delays at trial. *See, e.g., United States v. Turkish*, 458 F. Supp. 874, 882 (S.D.N.Y. 1978), *aff'd*, 623 F.2d 769 (2d Cir. 1980).

7. Any and all photographs and audiotape and videotape recordings that were made in conjunction with this case or which relate in any manner to this case that are in the possession, custody or control of the Government. Fed. R. Crim. P. 16(a)(1)(E).

8. All results or reports of physical or mental examinations, scientific tests or experiments, or copies thereof, and all documents referring or relating to such reports, that were conducted in connection with any investigation of the charges contained in the Indictment, including, but not limited to, forensic analyses of any documents, physical, mental or polygraph examinations, handwriting analyses, finger-print comparisons, and electronic testing. Fed. R. Crim. P. 16(a)(1)(F).

a. This includes any and all polygraph examinations administered by the Government, or anyone else, to any witnesses and persons of interest, including the following: (1) Richard N. Hall, (2) Sean Carothers, and (3) Robin Williams. This request includes copies of all charts and data created during the administration of the polygraph as well as all pre- and post-test interview memoranda and reports of results. Note that such materials are discoverable regardless of whether they are admissible, so long as they may lead to discovery of admissible evidence. *Bradley v. Nagle*, 212 F.3d 559 (11th Cir. 2000).

9. With respect to evidence that the Government intends to use at trial under Rules 702, 703, or 705 of the Federal Rules of Evidence, a list of the names of the persons the Government intends to call as expert witnesses, a written summary describing the witnesses' opinions, the bases and reasons for those opinions, and the witnesses' qualifications. Fed. R. Crim. P. 16(a)(1)(G).

Specifically, the Defendants are requesting a written summary of any and all expert testimony that the Government intends to use during its case-in-chief at trial, including, but not limited to testimony offered by the State Auditor's Office, Sean Carothers, Richard N. Hall, Jr., or any other person concerning any allegations in the Indictment. As explained in the Advisory Committee Notes following Rule 16, the Defendants need:

(a) each witness's qualifications "to determine whether in fact the witness is an expert within the definition of Federal Rule of Evidence 702";

- (b) The summary of expected testimony “to permit more complete pretrial preparation,” and to prevent delay in the trial;
- (c) the base(s) and reason(s) for each expert’s opinion regardless of whether the expert prepared a written report; and,
- (d) “any information that might be recognized as a legitimate basis for an opinion or inference under Federal Rule of Evidence 703” or Rule 702 regardless of whether the Government deems the witness to be an expert or not.

The Defendants need this material in order to (a) reasonably determine whether rebuttal witnesses are necessary to adequately defend this matter, and (b) to determine whether a Daubert motion is appropriate. “The defense’s ability to meet this standard [in Daubert, explained in United States v. Hansen, 262 F.3d 1217 (11th Cir. 2001)] in this case presupposes that the Government has fully complied with Rule 16(a)(1)(G) . . . .” [August 9, 2004 Order at 7, U. S. v. Griffin Industries, (CR 303-020, S.D. Ga. 2004) (Bowen, C. J.)]

As a reminder, under Rule 16(b)(1)(C)(i), the Defendants’ reciprocal obligation under Rule 16(a)(1)(G) is triggered only “if ... the Government complies” with the Defendants’ request under the Rule, that is, the Defendants’ reciprocal obligations do not arise until the Government first complies with the Defendants’ request. The logical reason for this Rule is that the Defendants cannot intelligently decide whether rebuttal expert testimony is necessary unless and until they know the full parameters of the Government’s expert evidence.

10. As a predicate to motions pursuant to Rule 12 of the Federal Rules of Criminal Procedure:

- a. Please confirm that no evidence or other information in the Government's possession, custody, or control was obtained by a search and seizure. If any evidence was obtained by search and seizure, please provide a description of such evidence and if said search was warrantless, set forth the nature of the information upon which the search was based and the date said information was received by the Government;
- b. Please confirm that no evidence or other information in the Government's possession, custody, or control was obtained through the use of a beeper, other tracking device, mail cover, or electronic or audio surveillance of any kind. If any evidence was obtained through these investigative techniques, please:
  - i. set forth the date, time, place, and a description of each interception; and
  - ii. provide any and all documents related to or reflecting any information derived therefrom.

If any evidence was obtained through any means set forth in subparagraphs (a) and (b), we also request all relevant applications or other supporting documents for court

orders, all such court orders, all reports by the Government to the court, and all tapes, logs, transcripts, and line sheets resulting from such interception or surveillance.

c. Please inform us as to whether any recording or other result of electronic or audio surveillance has been scientifically tested, altered or treated in any way. If so, please:

- i. set forth the time, date, place and a description of each test or alteration;
- ii. identify the examiner, and
- iii. provide a copy of any reports and all documents relating or referring to such reports.

d. Please inform us as to whether any tapes, reports of communications, fruits of any interception or search, or notes of any interview requested herein have been or are intended to be discarded or destroyed. Please identify any such materials in sufficient detail to permit us to make a timely request to the Court for appropriate relief.

e. Please inform us whether any persons were present during Grand Jury proceedings other than the grand jurors, the witness under examination, the court reporter, and Assistant United States Attorneys, naming such persons and stating their purpose for being present at the Grand Jury proceedings.

f. Please inform us whether any Grand Jury materials, including Grand Jury transcripts or any documents or information produced to the Grand Jury, were disclosed or released to any person other than the grand jurors, court reporters, and Assistant United States Attorneys at any time, before the unsealing of the Indictment on March 25, 2008. This request includes, but is not limited to, information concerning the following:

- i. Provide a Rule 6(c) list of all persons who had access to Grand Jury information, including the sealed Indictment;
- ii. whether any persons with access to the Grand Jury information, including the sealed Indictment, spoke with any of the persons employed by, associated with, or involved with any of the following persons or entities:
  - a. Any radio talk shows or other radio programs, including, but not limited to, the "Gallo Radio Show," the "JT and Dave Show," and any programs on the "Supertalk Mississippi" radio network or affiliates, or
  - b. *The Clarion Ledger*;

- iii. whether any persons with access to Grand Jury information, appropriately or inappropriately, showed, supplied or granted access to Grand Jury information to any person with the State Auditor's Office; when such occurrence took place, who did so, and what the justification was at the time the access occurred;
- iv. all persons who appeared before the Grand Jury, the date(s) when those persons appeared before the Grand Jury, and the subject matter asked of them during the Grand Jury;
- v. all persons subpoenaed to appear before the Grand Jury, regardless of whether they actually appeared before the Grand Jury, and explain why each such person ultimately did not appear before the Grand Jury;
- vi. For all persons who were subpoenaed by the Grand Jury, regardless of whether they appeared before the Grand Jury, provide copies of all documents, memoranda, and other memorializations of oral statements made by each such person to the Government agents, including the contemporaneous notes of all persons in attendance at such discussions with the person; and,
- vii. all legal instructions and other legal advice presented to the Grand Jury before or at the return of all Counts of the Indictment, but particularly with respect to the return of Count 1 of the Indictment.

11. Pursuant to Rule 12(b)(4)(B) of the Federal Rules of Criminal Procedure and Rule 1006 of the Federal Rules of Evidence, please inform us whether the Government will seek to offer any chart, summary, or calculation in evidence and if so, please make available for inspection and copying any such chart, summary, or calculation, as well as all writings, recordings, photographs, videotape recordings, or other information on which such charts, summaries, or calculations are based. Please provide a summary of the proposed testimony, a copy of the summary and a copy of the documents on which he summary is based. The Defendants need this information to enable them to adequately prepare for trial and so as not to delay the trial. The Defendants also need this information to determine whether any summary witness will be offering expert testimony within Rules 702 and 703 of the Federal Rules of Evidence. U. S. v. Hart, 295 F.3d 451, 457 (5th Cir. 2002).

12. Pursuant to Rule 1002 of the Federal Rules of Evidence, please identify any non-original writing, recording or photograph which the Government intends to offer into evidence in its case-in-chief at trial.

13. Pursuant to Rule 1005 of the Federal Rules of Evidence, please identify any public records which the Government intends to offer into evidence in its case-in-chief at trial.

14. Pursuant to the provisions of Rule 104 of the Federal Rules of Evidence, Rule 12(b)(4)(B) of the Federal Rules of Criminal Procedure, and the Defendants' right to

effective representation by counsel and a fair trial, we request that the Government disclose whether it intends to offer in its case in chief as a statement by, or attributable to, the Defendants any of the following and if so, that the Government identify the applicable statements:

- a. Any statement made by, or attributable to, any of the Defendants in either an individual or a representative capacity, Fed. R. Evid. 801(d)(2)(A);
- b. Any written or recorded statement or the substance of any oral statement as to which any of the Defendants, or an agent thereof, manifested his adoption or belief in its truth, Fed. R. Evid. 801(d)(2)(B);
- c. Any written or recorded statement or the substance of any oral statement made by another individual or entity which was purportedly authorized by any of the Defendants, or is deemed to be an admission by any of them, Fed. R. Evid. 801(d)(2)(C);
- d. Any statement by an agent or servant of any of the Defendants concerning a matter within the scope of his agency or employment made during the existence of such a relationship, Fed. R. Evid. 801(d)(2)(D);
- e. Any written or recorded statement, or the substance of any oral statement, by a co-conspirator made during the course of or in furtherance of the conspiracy alleged in the Indictment, Fed. R. Evid. 801(d)(2)(E); or

15. Pursuant to Rule 806 of the Federal Rules of Evidence, provide to the Defendants any evidence which would tend to attack, contradict, impeach, or discredit the credibility of any declarant of a hearsay statement which the Government intends to introduce under Rules 801(d)(2)(C), (D) or (E) of the Federal Rules of Evidence.

16. Pursuant to the Fifth and Sixth Amendments to the United States Constitution, Rules 12(b)(4)(B) and 16(a)(1)(D) of the Federal Rules of Criminal Procedure, and Rules 403 and 404(b) of the Federal Rules of Evidence, we request that, as soon as possible, the Government disclose all evidence of other similar crimes, wrongs, or acts, allegedly committed by any of the Defendants, upon which the Government intends to rely. If the Government intends to offer any such evidence, please set forth the date, place and nature of each "similar" act so that we can properly ask the Court for a determination concerning its admissibility pursuant to Fed. R. Evid. 403 and 404 and so as not to delay the case at trial.

17. We request that the Government provide a list of the names and addresses of all witnesses that the Government intends to call in its case in chief. We also request that the Government provide premarked copies of the exhibits it intends to offer in its case-in-chief. This is essential to our preparation for trial, and accordingly will save time, prevent unnecessary delay of the trial, and allow all parties to have an opportunity to meet and discuss issues related to the authenticity of documents, stipulations, and other issues that may reasonably arise at trial.

18. Given the scope of this case, we request production of all materials required to be produced under 18 U.S.C. § 3500 and Rule 26.2, Federal Rules of Criminal Procedure no later than four weeks before the trial date. Witness statements include, but are not limited to Grand Jury transcripts, affidavits, declarations, and summaries of witness interviews contained in FBI Form 302s and other similar Government forms and reports. Witness statements also include verbatim and contemporaneous notes of witness interviews made by any Government agent, including by an AUSA who was present during the interview.

We request that the Government preserve all original interview notes, reports and memoranda.

This early production is essential to our preparation for trial, and accordingly will save time, prevent unnecessary delay of the trial, and allow all parties to have an opportunity to meet and discuss issues that may reasonably arise at trial, as well as stipulations that could expedite the trial.

19. Pursuant to Brady v. Maryland, 373 U.S. 83 (1963), and its progeny, including United States v. Agurs, 427 U.S. 97 (1976), Giglio v. United States, 405 U.S. 150 (1972), and Morrow v. Dretke, 367 F.3d 309 (5th Cir. 2004), and pursuant to the Department of Justice's Policy Regarding Disclosure of Exculpatory and Impeachment Information, set forth in section 9-5.001 of the U.S. Attorney's Manual, we request (i) immediate disclosure of all exculpatory material in the Government's possession, custody, or control, or otherwise known to the Government; and (ii) disclosure at least four weeks prior to the trial date of all impeachment material in the Government's possession, custody or control or otherwise known to the Government.

This early production is essential to our preparation for trial, and accordingly will save time, prevent unnecessary delay of the trial, and allow all parties to have an opportunity to meet and discuss issues that may reasonably arise at trial

Exculpatory and impeachment "material" includes not only documents or other tangible items (including written statements or statements that have been reduced to writing by the Government), but also the substance of any statements made to the Government that have not been reduced to writing. In other words, if a witness's statements to the Government contain exculpatory or impeachment material, Brady and its progeny require the Government to disclose the substance of those statements, whether or not they have been reduced to writing. See United States v. Rodriguez, 496 F.3d 221 (2d Cir. 2007).

Although explained in detail below, this request generally seeks copies of all materials known to the Government, or which through due diligence may be learned from the investigating agents or witnesses in this case or persons interviewed in connection with the investigation, that are favorable to, or tend to mitigate any punishment of, any Defendant or which may lead to such materials. Please include the names, addresses, and telephone numbers of all persons who know or may know of any such favorable material or who may lead to persons or material which may be favorable to any Defendant. Also include all written or recorded statements or the substance of oral statements by any

person which are in any way conceivably inconsistent with, or contradicts the testimony or expected testimony any witness will give at trial and any other evidence that otherwise reflects upon the credibility, competency, bias or motive of any Government witness. Such topics include, but are not limited to:

**Detailed Requests for Exculpatory Material**

- a. All documents, testimony or any other information in the Government's possession, custody, or control made by any witnesses that indicates that any of the Defendants
  - i. Did not know of the PAC contributions or reimbursement of campaign contributions to the "public official";
  - ii. Was not involved in the making or reimbursement of campaign contributions to the "public official";
  - iii. Never viewed the Mississippi Beef Processor Project Management Agreement while the Mississippi Beef Processor Project was ongoing;
  - iv. Were not involved or had no knowledge of the negotiations concerning the Mississippi Beef Processor Project Management Agreement;
  - v. Were not involved or had no knowledge of the administration of the Mississippi Beef Processor Project Management Agreement;
  - vi. Did not participate in discussion concerning The Facility Group's performance under the Mississippi Beef Processor Project Management Agreement.
  
- b. All documents, testimony or any other information in the Government's possession, custody, or control made by any witness that indicates
  - i. That there was no quid pro quo provided by the "public official" or his agents to any of the Defendants in exchange for campaign contributions;
  - ii. That there was no quid pro quo understanding between any of the Defendants and the "public official," or his agents, involving the campaign contributions made to the "public official";
