

RESTORING QUALITY OF LIFE

Dear Friend,

We would like to extend a personal invitation for you to join us for a benefit dinner in support of the Gulf Coast Detoxification Project. This 501(c)(3) non-profit initiative is working with Dr. Michael Robichaux to provide care free of cost to fishermen, cleanup workers and residents in areas affected by the spill.

The men, women and children being served have been exposed to some of the most toxic chemicals known to man, and have developed severe health problems. The unique and effective detoxification program provided by this project has enabled those affected to recover their health and to regain the quality of life they enjoyed before their exposures.

We look forward to seeing you at the benefit dinner.

Warm regards,
Danny Masterson, Dakota Johnson, Reed & Louise Ingram,
Mike & Alicia Maenza, Walter Reed

Danny Masterson, Chairman
Reed Ingram, Mike Maenza, Honorary Chairmen
Dakota Johnson, Tommy Thompson, Walter Reed, Co-Chairs

Please join us for a special event and party benefiting
the Gulf Coast Detoxification Project
