Jefferson, La. 70123

Dear Aaron,

What can I say? Trying to say thank you for all of your help is perplexing to me. It just doesn't seem like thank you is enough. You have given us more open doors than you can imagine. The mention of your name has gotten us more help and services and in some cases more monetary donations than we ever expected.

It seems trite to say it, but I don't think we would have been where we are now without your help. The "basic structure" of our main monument is completed. We are pursuing avenues to raise the money for the granite that will be on the sides of the monument. This granite will have the names of all Medal recipients on it.

Aaron, I know that your schedule is a busy one. If there is any possibility that you can put us on it, we would be honored to have you come see the project as it is now and what we plan for the future. Lunch is on us.

The U.S. Navy Seabees will be back in the spring/summer of 2004 to start phase two of the project. Phase two will be building the sidewalk around the monument, the flagpoles, part of our main road and part of the wrought iron and brick fence that will be in front of the property. As time goes by and construction shows progress we are getting more excited about the whole project.

Aaron, on behalf of our organization and our Board of Directors, we would like for you to accept this book as a token of our appreciation. It will really give you an insight as to why we want to honor not only our Medal of Honor recipients but all of our veterans as well. We owe them so much.

Again, thank you and really, let us give you a personalized tour of the project. Tell Ruby, that she must, repeat must, put us on your schedule.

Sincerely,

Murray L. Naquin
Medal of Honor Park & Museum.
