Dear Bill:

Enclosed is a resume for Ken Sullivan, a recent graduate of Mississippi State University. As you can see, Ken has a degree in Business Administration but his passion is the ocean and wildlife. Ken loves the outdoors and is looking for an entry level position in state government.

I know how difficult it is just now to add any personnel to your agency. However, if a position does become available, I would appreciate your consideration of Ken Sullivan. He is a fine young man in need of any opportunity. I hope you may be of some help to him.

With best regards, I remain,

Sincerely,

Dale,

Can we help this
young man? Perhaps a
contract employee to
help Kerwin.

Thanks,
